- Snow Train – 2015 project to work with Shire/Steam Rail Vic. Keith has discussed this with someone in the industry and they do not feel they would have time to include a visit to Rokeby/Crossover area as part of this activity. Most just want to ride on a steam train.

Other proposals - a navigational day, scouts, mud run. Raise money for a charity and a proportion for the group. Bernard going to contact the local triathlon club about this proposal.
